| <ul style="list-style-type: none">- Con puleggia A- Inserire il distanziale D (foto 2) nella puleggia motore e fissare con viti TCEI12x90 e rondelle dentellate, stringendo le viti ai valori indicati dalla casa costruttrice del veicolo .
Fissare la puleggia P (foto 3) con viti TE 10x25 e rondelle elastiche | |
| <ul style="list-style-type: none">- <u>With pulley A</u>- Put the hub D (photo 2) into the engine pulley and fix it with TCEI12x90 screws and washers, tightening the screws at the points indicated by the vehicle manufacturer- Fix pulley P (photo 3) with TE 10x25 screws and washers | |
| <ul style="list-style-type: none">- <u>Con puleggia B</u>- Accoppiare lo spessore S al distanziale D (foto 2), sovrapporli alla puleggia motore , fissare con viti TCEI 12x90 e rondelle dentellate, stringendo le viti ai valori indicati dalla casa costruttrice del veicolo.
Fissare la puleggia P (foto 3) con viti TE10x25 e rondelle elastiche | |
| <ul style="list-style-type: none">- <u>With pulley B</u>- Insert the thickness S in the hub D (photo 2), and put them into the engine pulley , fix it with TCEI 12x90 screws and washers, tightening the screws to the value indicated by the vehicle manufacturer.- Fix pulley P (photo 3) with TE10x25 screws and washers | |

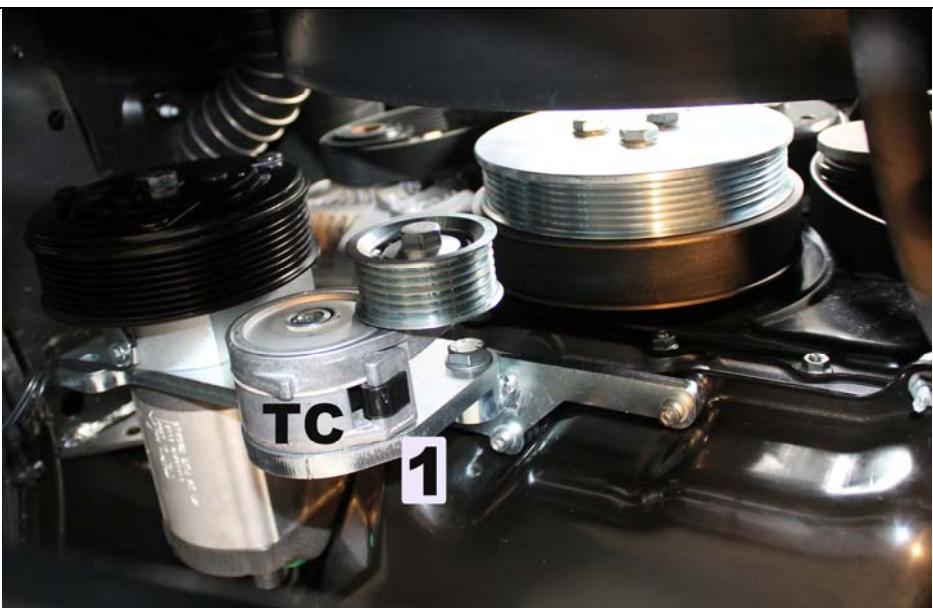

- Eliminare le viti nei punti A B C D .
- Montare la staffa 2 , fissare con viti fornite
- Remove the screws at the points A B C D ,
- Install the bracket 2 and fix with supplied screws

- Smontare il dado **H** , spostare leggermente il tubo pompa idroguida .
- Eliminare i bulloni nei punti E F , montare la staffa 3 , interponendo i distanziali , inserire le viti fornite , senza , al momento , stringere queste viti

- *Dismount the nut **H**, slightly move the power steering pump hose -*
- *Remove the bolts at the points E F , install the bracket 3 , insert the spacers and put the supplied screws , without , at the moment , tighten these screws*

- Montare staffa 1 completa di innesto elettromagnetico , e pompa , inserire tutte le viti senza , al momento stringerle
- Montare il tendicinghia automatico **TC** , poi stringere tutte le viti e i bulloni
- Riposizionare la staffa **H**
- *Mount Bracket 1 complete of the electromagnetic clutch , and pump , put all the screws , without tighten at the time*
- *Install the automatic belt tensioner **TC** , then tighten all the screws and bolts*
- *Reposition the **H** bracket*

12

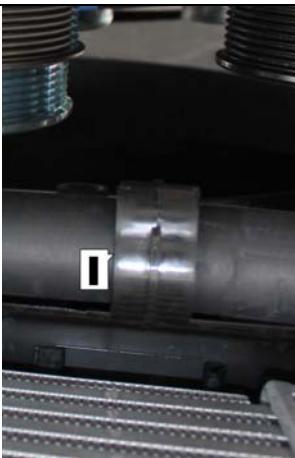

13

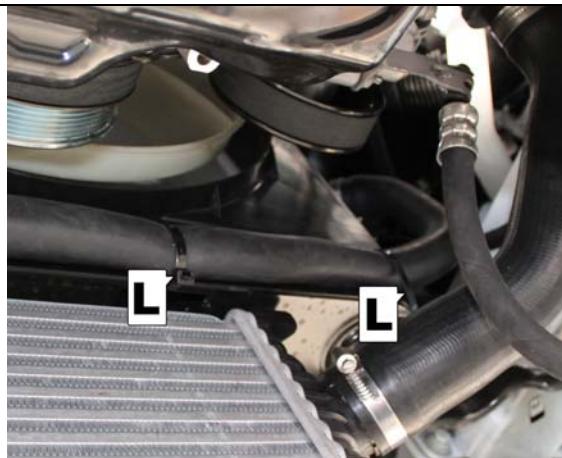

14

- Montare e regolare la tensione della cinghia
- Install and adjust the belt tension

15

16

- Eliminare la staffa **I** del manicotto del liquido di raffreddamento
 - Fissare il manicotto con fascette in plastica **L** fornite

*- Remove the bracket **I** of the sleeve of the cooling liquid
 - Reattach the sleeve with a plastic clamps **L** provided*
