

Thread Measuring Kit

Assembly & Tool Cutting Equipment

FT1341 Port and Identification Thread Measuring Kit Measuring tube and pipe fitting threads can be a most difficult task if not completely understood. Tools needed include a thread pitch gauge, calipers and seat angle gauges. This handy kit includes:

Thread Pitch Gauge (American and Metric)

Inside/Outside Caliper (inches and millimeters)

2 Seat Angle Gauges (37°/45° and a 12°/30°)

International Measuring and Identification Guide and Instruction Booklet

Carrying case for easy and convenient storage
