MINI HYDRAULIC GEAR PUMP FOR POWER UNIT

BRIEF DESCRIPTION:

- Mini gear pump
- High efficiency and long life
- High pressure
- Low noise
- Displacement: 0.75cc/rev

SPECIFICATIONS:

- Part Number: BKP0.5B0D0.75G0LO-B
- Weight: 0.4kg
- Material: Extruded aluminum body and die cast aluminum cover
- Shaft: Tang claw & straight key shaft
- Ports: BSP pipe thread, Metric thread
- Flow: 0.3L - 3L
- Speed: 1500
- Rotation Speed: 1500
- Pressure: 200 bar
- Nominal Displacement: 0.75cc
- Usage: Oil
- Application: Cryogenic, Fire, Maritime, Metering, Other, Sewage, Submersible
- Standard or Non-Standard: Standard

PRICE: £20.00

excluding VAT
