

Fleetwash

Water soluble alkaline cleaner

Product code: D003

Product Description:

Originally developed in Scandinavia this unique combination of surface active agents, sequestrants and alkaline builders was designed to chemically remove road film from vehicles and including curtain sided trucks. It reduces the need for mechanical agitation and rapidly lifts dirt, grime and oil from plastic and painted surfaces. Special surfactants break the static charge, which builds up on vehicle curtains making them easier to clean.

Benefits:

- Still effective at high dilution
- Easily and gently removes road dirt and grime
- Does not contain ingredients which accelerate metal corrosion
- Safe on aluminium, metal surfaces, glass and rubber
- Ideal for hot or cold pressure wash machines
- Effective in hard and soft waters
- Contains rinse off additive
- Biodegradable

Application:

Car / Lorry Cleaning :

Use at up to 1 to 150 parts water via machine dilution system. Work from bottom to top of vehicle under low pressure. Allow a few minutes contact time and then remove with high pressure jet again working from bottom to top.

Brush Washing :

Pre-dilute 1:40 in water and brush liberally all over vehicle. Allow a few minutes contact time, then rinse well. It is advisable to pre-wet the vehicle prior to using this method to remove loose road dirt and avoid scratching.
